Beginning / Catching a Pedo

November 2023 discovered Swagdiff through a LoL game

- He dropped his link in the all chat and said to check out his stream
- He was the worst play I have ever seen in LoL so naturally I clicked on the link to check him out and the voice matched the type of player he was - Just incredibly toxic
- I did not have a Kick account nor did I even know what Kick is, but I signed up and followed him to type in his chat and noticed that everyone else in his chat were people from League calling him the worst player ever and I thought it was funny

Fast forward, he adds me on Discord and on League of Legends and starts asking me super creepy things. I have also heard him say creepy, sexual shit to other women he would play with, so I thought ok let me mess around a little. I had a feeling he was a pedo, so I lied and said I was a 17 year old girl and when I told him my age, that did not stop him from saying suggestive things to me (I am actually 28 btw).

- He would say stuff like hurry up and turn 18 already, lets cuddle, fuck why do you have to be 17, I wish I could see your p*ssy, etc.
- I used to have more screenshots of it but he blocked me at first after accusing him of being a pedophile so this is all I have:
- I played along with it because I wanted to catch this guy and obtain as much info as possible. I also knew he was a crazy dude, so I pretended to be crazy with a crazy troll back story to see trigger him and see what he would say when he's mad because I think he is genuinely a dangerous person to women and children on the internet.

He has also said on live stream before that he is a convicted felon for committing an armed robbery when he was younger. I personally do not think that is what he was convicted for because 1) he cannot shoot for shit in video games I doubt he could pull off an armed robbery and 2) he would always know about and talk about sex offender laws etc, so it seemed very sus.

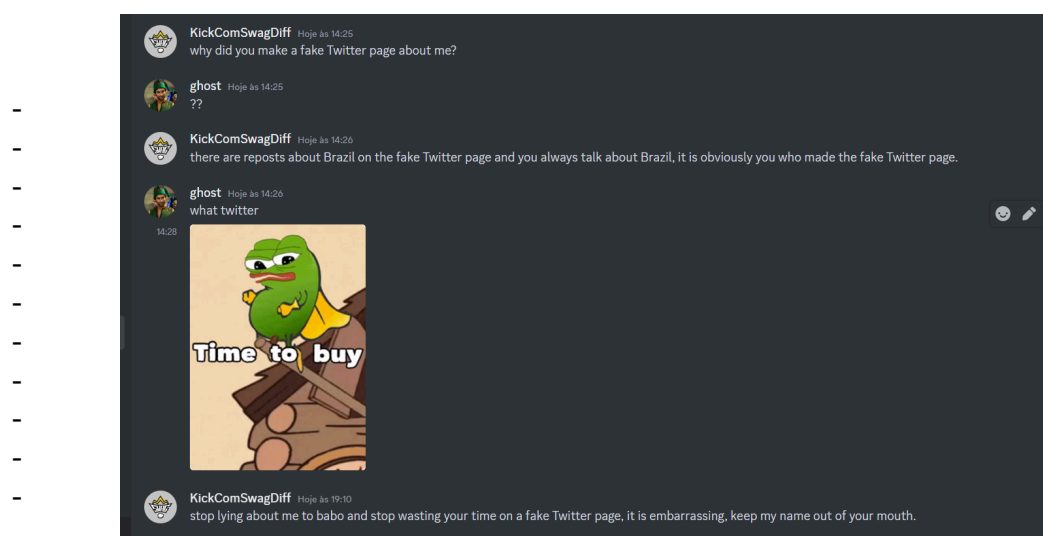

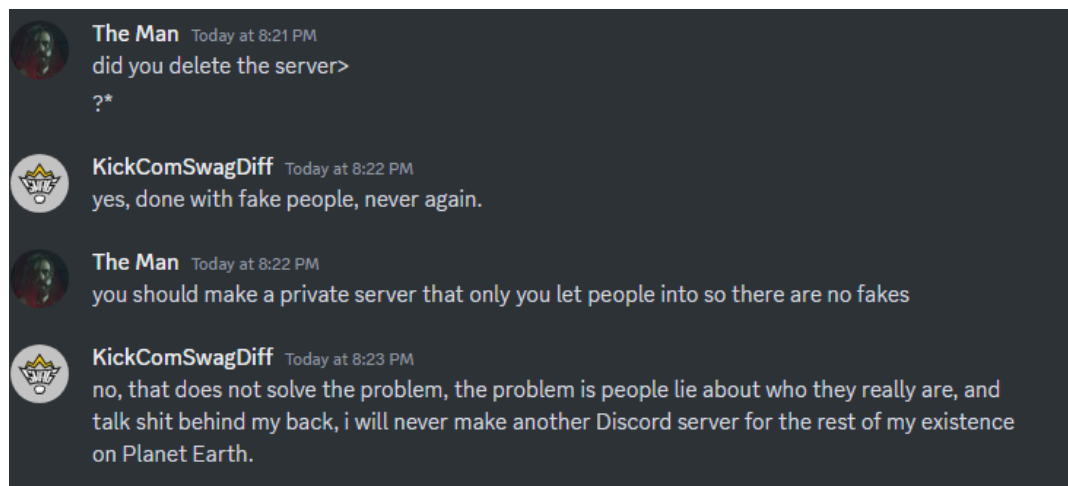

Swagdiff Socials

He also has a creepy Youtube channel where its videos/clips of women streamers on Twitch:
https://www.youtube.com/@SwagDiff_on_Kick

Swagdiff has also had streams in the past where he stands on “Hold a Sign Simulator” or whatever its called on Roblox with an avatar dressed as Santa holding his sign saying “follow me on [Kick.com/swagdiff](https://www.kick.com/swagdiff)” - Clearly targeting children and he has said it on livestream himself that “children love santa, thats why I have this as my avatar and to get their follows”

- The roblox advertising was creepy so me and a few others who were in his discord group joined his game on Roblox and held up signs saying “Swagdiff is a pedo” and blocking his screen on Kick to try and discourage that

At this time he still had a public discord server for his Kick Channel and started going on a rampage accusing every single person as being a troll. He said awful things to everyone in his server and then deleted the entire server:

- I soon learned that there was a fake Twitter page using his name called KickComSwagDiff, which was some random in his server behind it to troll him

because Swagdiff is ... well Swagdiff, so that is the I guess you would call parody page on him and his real twitter is Swagdiff on Kick.

He also has this Twitter page:

Part II:

Jan/Feb 2024: At this point he added me back and I revealed that I am not 17 to him and tried to see what he had to say about that. He just got mad and accused me of pedo-baiting him rather than acknowledging that he was being creepy to what he knew to be a 17 year old. He asked me how old I really was and I just said a random number and that I'm 30 and lied about where I was from because he seems like a dangerous guy and I don't want him to know anything about me.

At this point I was just continuing to troll him. Saying wild shit to see what he would say and add it to my collection of creepy shit he's said to have enough proof and do something about it. I've gotten on video calls with him and at first I brought one of my daughter's dolls to the screen and pretended to be the doll talking to him (some seriously goofy shit pls dont judge lol). But what's CRAZY is he would TALK TO THE DOLL. He kept saying he wanted to still see my p*ssy and saying to get naked etc etc.

Then one day on video call with him trolling him, he accidentally saw my face on the side, so I said fuck it and got on call with him just to see what more he would say/do. The harassment truly begun once he saw my real self - He would say that I owe it to him to masturbate on camera for him because I trolled him and accused him of being a pedo. He said if I did not get naked on camera or show him p*ssy then he would block me.

I did not want him to stop talking to me because I wanted more evidence, so I sent him random pics of p*ssy I found on the internet/pornhub just so that he would keep talking to me. He believed it at first and then down the line he said he wants to see it on video, so I pulled up a vid on pornhub and showed it to him and he believed it, but then shortly kept saying that he needs to see my face too. I took it too far by showing him fake images, but I

was just wanting to keep him from blocking me so I can gather more evidence and monitor his behavior. I have close friends who have experienced SA or violence with men so I take this stuff seriously.

I then got annoyed and said I have a boyfriend to see what he would say and then it still did not stop. Apparently he does this to other women too who are in relationships and makes them extremely uncomfortable.

Nooo like he said im his girl

SwagDiff on Kick 07/20/2024 12:03 AM

so what? after all of the bullshit you put me through, getting naked is the LEAST you could do, are you kidding me? you showed me 3 fake pussies already Hani

babo 07/20/2024 12:25 AM

When you have a boyfriend or girlfriend you are committed to them you know?

SwagDiff on Kick 07/20/2024 12:40 AM

no, that is horseshit, you showed me 3 fake pussies, you owe me the real one, has nothing to do with anybody else other than OUR business...

SwagDiff on Kick 06/27/2024 10:23 PM

I do not think she has any feelings for me, probably just wants to use me for clout, you have to put in the work FIRST before a brand will sponsor you Hani

i am gonna be honest with you Hani, i do not think streaming is for you, i do not think you will be able to handle all of the stress and hate, it is not as easy as u think it is (edited)

lol, we can talk about more, but you still owe me masturbating on video call before i can really help you, you cannot just keep avoiding it you owe it to me and you are not doing it, i do not understand?

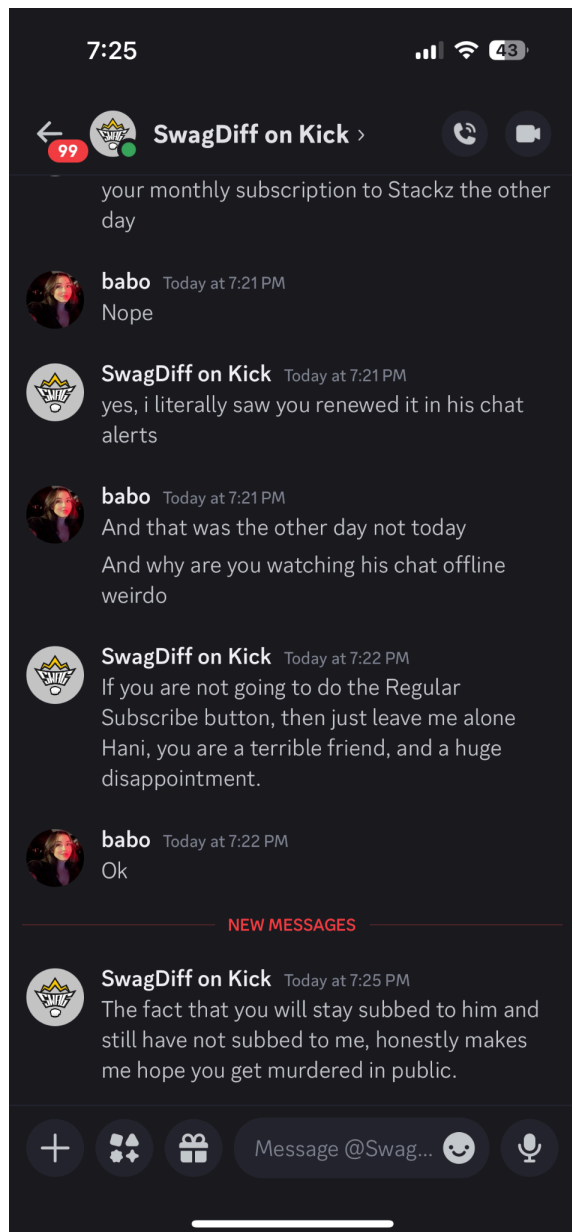

SwagDiff on Kick 06/24/2024 10:58 AM

i want to believe you Hani but seeing it on video call is the only way i can know for sure and you owe that to me if you really want me to let you around my friends

Part III / Streaming:

Fast forward some more, I decide to start streaming because it looked like fun. I got super excited when I hit affiliate and truly enjoyed all the other cool streamers and people I discovered on Kick. However, he is trying to say that he is responsible for all of that and was saying that I only started streaming and gifting other streamers subs to spite him, which is not true. I gift streamers subs because I enjoy their content and also it is nobody's business to come interrogating me asking why I subbed to someone.

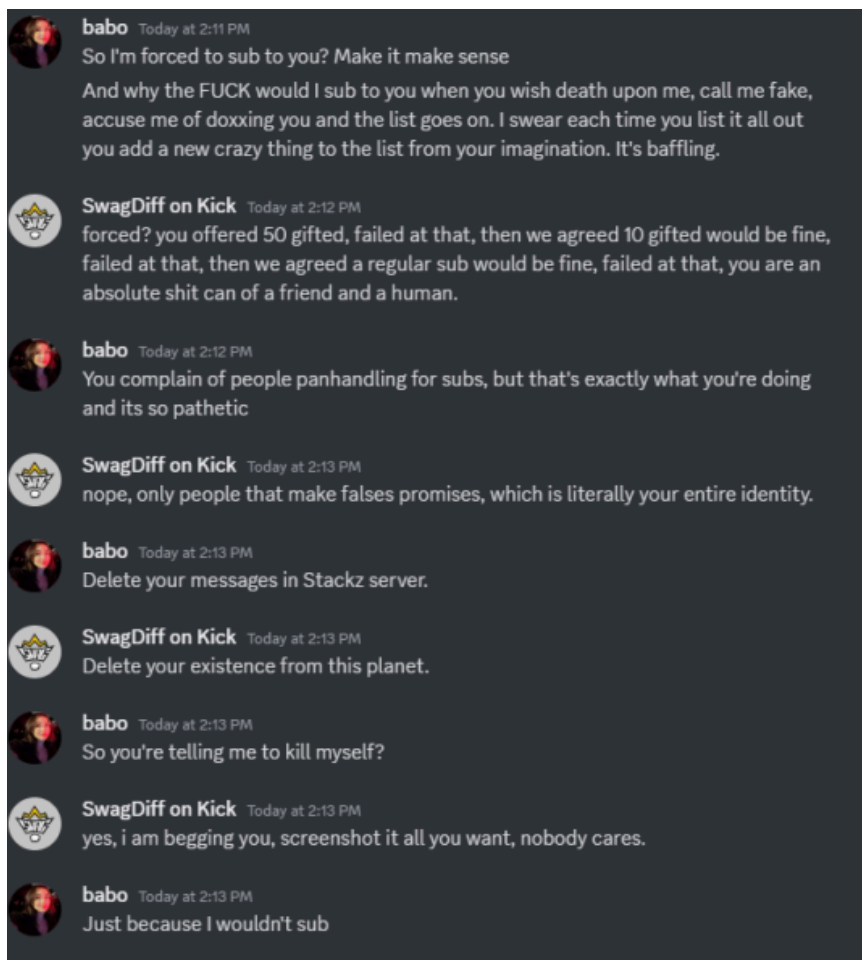

There was one stream where he was streaming with another woman streamer (I'll omit her name because I know she did not want to be associated with him) and I went into his stream and caused a ruckus to try and get her to stop playing with him because I knew what he would do to her. I should have probably taken a different approach because she thought I was batshit crazy too by just saying "STOP CHEATING ON ME" in his chat lol, but I just wanted her to get the ick from him and spare her from him. Well, one thing turned into another and turns out I did not even need to cause that commotion because Swagdiff ended up burying his own grave by accusing her of being a wh*ore just because she said she is not interested in him and was harassing her saying that "she thinks she is too good for me" and called her a c*nt on live stream.

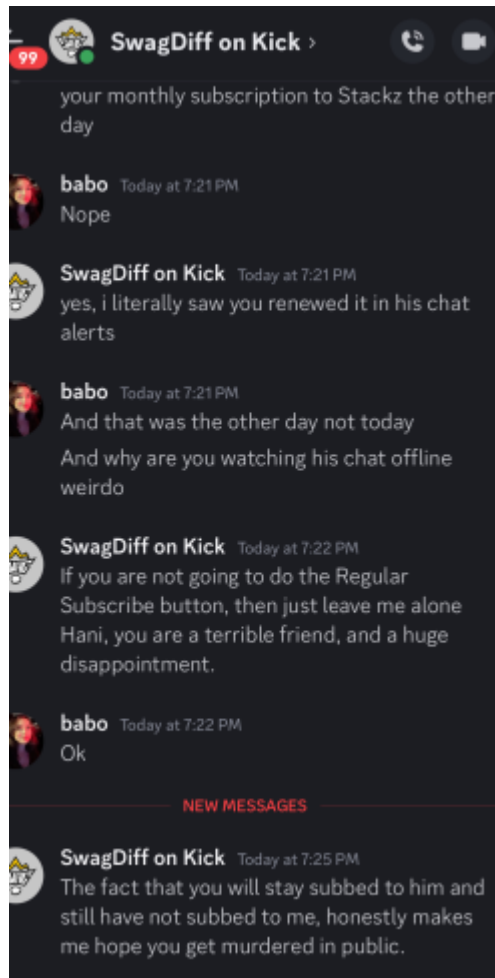

Encouraging Suicide/Violence

The latest thing he accused me was of betraying him because he saw that my subscription to Stackz renewed and that I still have not subbed to him. He called me a cheap, broke bitch etc This was the latest interaction over it . Literally wished for me to get murdered in public over this and to kill myself.

On another call we had once he also told me that if he ever saw me in real life that he would shoot me with a gun and r*pe me. I wish I had that on recording but I was just so baffled and upset that I hung up after that.

Addressing what Swagdiff has said/posted about me:

Swagdiff has been posting a snippet of our conversation of me trolling him on X and other discord servers:

This screenshot is a snippet of me trolling him. Swagdiff does Uber delivery for a living and I wanted to get a reaction out of him by saying I sucked delivery drivers for tips because I had no money to see what kind of creepy stuff he would have to say to that because I wanted to know if he is a creep in real life too when doing deliveries etc.

He also goes around saying that I have doxxed him, made death threats, fake twitter accounts, etc.

- Doxxing him - I have never doxxed him nor do I have enough info to do so and even if I did have his info, I would not dox it 1) because its illegal and 2) I would just hand it over to the police rather than post it online. He accuses me of doxxing him because once on his OWN LIVE STREAM said he is from Ohio and then when I brought up him being from Ohio in his chat once he went crying saying I am doxxing him.
- Death threats - ???? I would like to know where he pulled this from because so far the only person who has made death threats has been him to me.
- Fake twitter accounts - some random person in his prior discord server before deleting it made it as a parody page

The fact that he is always playing fortnite with children is creepy too. He has definitely talked about sexually content around children in his stream and it is fucked up.

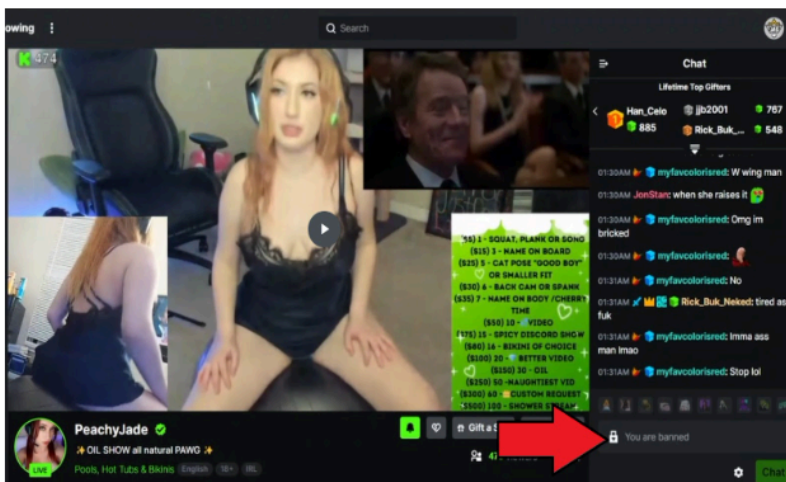

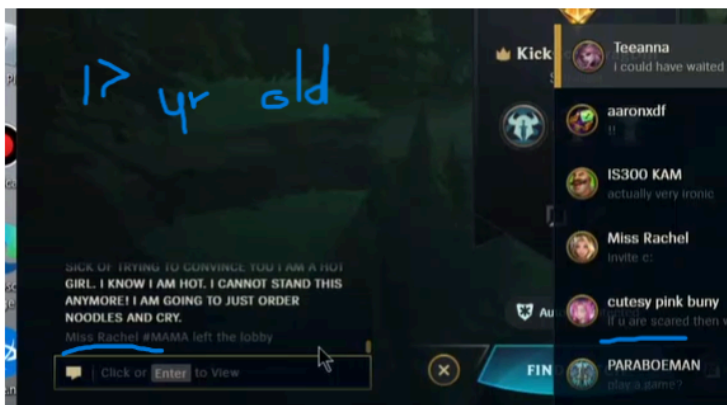

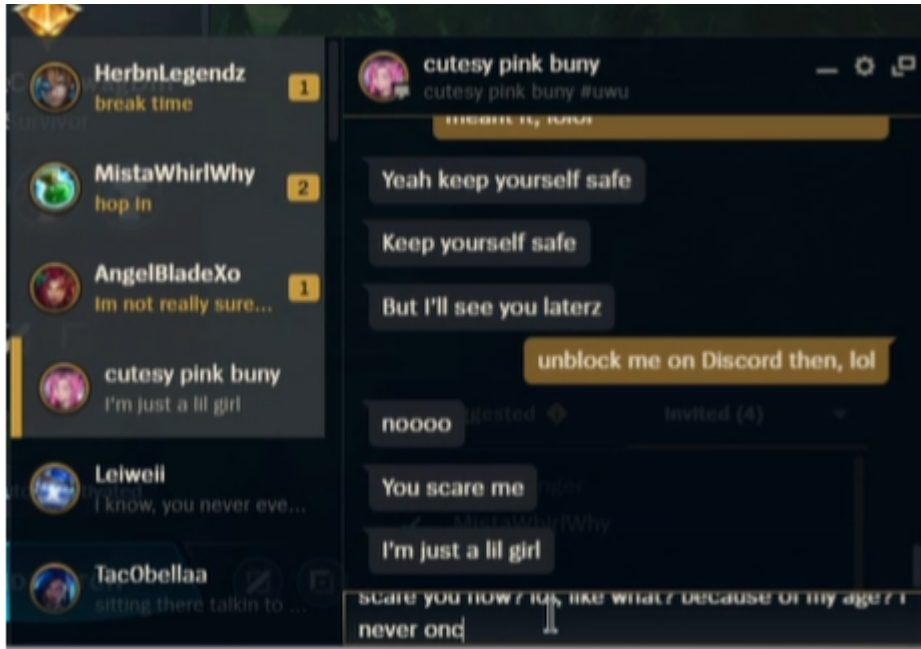

Ending

Sure I probably took my trolling a little too far with him and now he's screenshotting it trying to make me look crazy, but I did this in order to keep him talking to me and providing information so that I can do exactly what I am doing now and exposing him of being a creep / danger to women online and a pedophile. I am not the only one who has interacted with him or has been sexually harassed by him and I hope that others who have been hurt by this man will come forward to bring this to a stop.
